Housing Projects Ready For Inspection Sunday

The new housing project for colored on St. Francis, Sycamore and Washington will be ready for occupancy Monday, George Heitzmann, director of the Housing Authority announced today.

Inspection by the public of both colored and white projects will be allowed all day Sunday, Heitzmann added.

The colored projects passed an inspection this week by architects and officials of the housing authority.

The white projects, Heitzmann added, will be ready for occupancy next Tuesday.

In Critical Condition After Highway Mishap

An automobile-pedestrian accident here Wednesday night resulted in one being on the critical list in Gulfport Memorial hospital.

Fedon Milton Lewis, 60, was struck by a car driven by Joseph Lewis Hollier, 20, U. S. N., on Highway 90, approximately one-half mile west of Bay St. Louis.

Hollier, driving a 1950 Mercury, is being held in the Hancock County jail as a material witness. Highway patrolman W. R. Blackwell covered the accident.

Evans was walking on the Highway between two Standard Oil service stations, one owned by August Scafield and the other by Dominic and Phillip Scafield. Hollier attempted to pass a truck when he struck Evans.

According to Blackwell Evans was going to the Highway Drive in theatre when the accident occurred.

In the car with Hollier were two other Navy men, Clarence Rodney Dury and James D. Wildberg, both stationed in New Orleans.

Evans was rushed to Memorial and is reported in a critical condition.

Auto Theft Charge Heard

Alexander Bush was bound over to the grand jury for action in an auto theft and breaking and entering charge after a hearing in Justice of the Peace court here Monday.

Constable Nolan Kingston made the arrest.

Judge Neilus Rhodes placed Bush under bonds of \$1000 and \$750. Bush is alleged to have entered Harold Kranky's paint shop and stolen a car belonging to T. H. Brockman.

Waveland Tax Remains Same

The rate of taxation in Waveland for the coming year will not change. It will still be the usual 28 mills.

Waveland is still busy with its big street improvements plan. Market St. has had its first coat of tar and heavy slog and is now ready for the next coat of tar and fine slog. To the housekeepers and auto drivers who had to fight the heavy dust last summer, this will be a wonderful improvement.

WRITE TO SANTA CLAUS VIA THE SEA COAST ECHO

The Sea Coast Echo will start printing letters to Santa Claus. Santa has sent a telegram from the North Pole asking the youngsters to write their Christmas wishes. But he warns them not to ask too much, because there are millions of children who await his visit.

The letters should be sent to Santa Claus, North Pole, care Sea Coast Echo, Box 230, Bay St. Louis. The best of the letters will be printed each week until Christmas.

For the youngsters who are too young to write themselves, it is suggested that the child dictate the letter to Mother or Dad. And the dictation should be exact.

The letters can be written in any way - on any thing - ink, pencil, crayon or whatever is handy. Santa will acknowledge each letter.

The letters will be printed so that the youngsters can be sure Santa received them. He will reply to each one in the paper.

2500 Attend Coast Electric Meeting Here

Almost 2500 people attended the Coast Electric Power Association's annual business meeting here last week, but only one of the subscribers walked away with the free Sheldahl refrigerator.

Winner of the Croswley was C. C. Kellarog Rt. 1, Piquette. Douglas Seal of Rt. 1, Piquette was the winner of the Kenmore washer.

Senator James Eastland, who was scheduled to give the principal address, was not able to attend because of illness. His address was given by Courtney Pace, his secretary.

Directors elected at the meeting were: C. W. Fountain, George Curt and Otto Rester of Hancock County; Fred S. Ladner Sr., B. Morris and R. P. Turan of Harrison County; F. Randall Rester, W. H. Burks and Walter Stewart of Pearl River County.

Fourteen appliance dealers from Bay St. Louis, Gulfport and Piquette put on the Fifth Annual Appliance show for the subscribers Saturday. Prizes were given away then, too.

Sixty other prizes were awarded by Coast Electric in addition to other booth prizes given away by the dealers.

Report by the president, C. W. Fountain, secretary-treasurer Geo. Curt and Manager H. H. Shattuck were also made at the business meeting.

St. Stanislaus Centennial Goal Still Short

Brother Ashton of St. Stanislaus this week extended his appeal on the college's Centennial Fund raising drive to all citizens of the county in order to reach the \$300,000 goal.

"We would like to have the returns in the next two weeks," Brother Ashton said, "and we're a little bit short of our goal."

Several classrooms and private memorials have been donated thus far, Brother Ashton reported. Help has been obtained from parents and friends of the college as well as from alumni, he said.

OCHMAN DEATH. Funeral services were held in Vacherie, La., for Walter John Ochman, who died in New Orleans Sunday.

The deceased is the father of Mrs. Robert W. Brown of Clermont Harbor.

Thanksgiving Services Planned

The Christ Church Sunday School will give a Thanksgiving Service November 26 at 3:30 p. m. at the Christ Episcopal Church.

The program will be as follows: Prayers of Praise and Thanksgiving, Mr. H. B. Chapman; "Governor of Bradford and the First Thanksgiving," Chuck Egan; The Gospel, Ben Levy; "For These I'm Thankful," Toni White; "The Feast of the Tabernacle," Sandra Purcell; and Benediction, The Rev. C. R. Johnson.

The Christ Church will hold its regular Thanksgiving services on Thursday at 10:00 a. m.

Tom McArthur Dies At 82

Funeral services were held Tuesday at Christ Episcopal Church in Piquette for Thomas J. McArthur, who died November 16. He was 82.

McArthur was a native of Hancock County but had lived in Piquette for the past 30 years. He was a retired merchant at the time of his death.

He was the son of Thomas J. McArthur and Matilda Brown, both of Hancock County residents. His brother is Lot McArthur of Route one, Piquette.

Gail Courge Queen Of Bay Hi Homecoming

Gail Courge will reign as Bay High's homecoming queen this week and Mary Palmer will be her maid of honor.

Presentation of the court at half-time ceremonies of the Demonstration-Bay High game, a dance and a motorcade will feature the activities to welcome home the graduates.

Festivities will begin with a motorcade leaving Bay High at 7 p. m. The game will be held at 8 p. m. in St. Stanislaus Stadium.

Following the game a dance will be held from 10 p. m. to 12 with Kramer's orchestra playing.

Captain Terrell Randolph nominated Gail to be queen. Co-captain Malcolm Moreau nominated Mary Palmer.

Other maids in the court and their nominators will be Patricia Lusich, Larry Smith; Kay Kramer, Hugo Favre; Carol Courge, Donald Cole; Connie Ripple, Ronald Landers; Marcelene Furey, Charles Tartavouille; Louis Stouffie, J. C. Perkins; and Jerry Witter, Henry Monti.

Magazine Cost \$50 For Unwary Lady

A man allegedly selling magazines for the benefit of a hospital calmly walked away with \$50 from one of his customers, Chief of Police Alcine Saucier reported.

The man, identified as tall and good looking, went to the home of Mrs. Olga Pivara and asked her to buy a magazine subscription for \$10.

Mrs. Pivara gave the man a \$50 bill and left him temporarily while he was supposed to be making out a receipt.

"But when I came back," Mrs. Pivara said, "he wasn't there."

Saucier said he has alerted New Orleans police, Coast police and the Highway Patrol for the man.

The incident occurred at about 11 A. M. Tuesday, according to Mrs. Pivara. She identified the man as being tall, blue-eyed with brown hair, tattoos on both arms, good looking and with a slight limp in his right leg. He was about 25 or 27 years old, she said.

Saucier said the man gave Mrs. Pivara several stories as to the reason for a new hospital in New Orleans.

The magazine salesman was said to be driving a green car with a yellow license plate.

Start New Stevenson Store

C. C. McDonald, Jr. has started a new store to be erected for Stevenson's Radio & Electric Service on Main Street.

The new brick and concrete block building with plate-glass front will be one-story, with two front entrances, large front store, central work-shop and warehouse in rear.

Waveland Club Plans Xmas Fete

The Town and County Garden Club of Waveland will hold a special Christmas party in December at the home of Mrs. C. E. Ripple, on Alken Road, the club announced this week.

Members of the club will exchange gifts at the party. The Christmas gathering will be held in place of the regular monthly meeting of the club which is usually held on the second Tuesday of each month.

Funeral services were held Tuesday for Mrs. Ethel Gunn Shaw, who died in Montclair, N. J., Sunday with burial at Live Oak cemetery in Pass Christian.

The deceased, a resident of Pass Christian, was visiting her daughter Mrs. A. D. Petnick at the time of her death.

Rev. Charles R. Johnson officiated at the funeral which was arranged by Fahey's Funeral home.

Electricution For Lewis Postponed

Mack C. Lewis, negro servant, convicted of killing a New Orleans contractor here, will not be electricuted on November 20, Sheriff John Egloff announced here yesterday.

Lewis received a stay of execution because he appealed the decision of the circuit court to the state supreme court. The appeal was made on the grounds that Lewis signed extradition papers to Louisiana, but not to Mississippi.

Egloff estimated that it might take until March before the state supreme court heard Lewis' appeal. He said Lewis was still being held in jail however.

Only 30 minutes was required by the jury here which convicted Lewis of murdering Kenneth Mason near Pearl River.

During the trial Lewis' lawyer, William Stewart, asked Judge Leslie B. Grant to have the court issue the decision on the case because of the extradition difficulties. The court overruled Stewart, who has appealed for Lewis.

The difficulties appeared because Lewis was originally arrested by New Orleans detectives in Virginia on a stolen car charge. When Lewis confessed the slaying, New Orleans police said, he was turned over to Hancock County authorities.

District Attorney Boyce Holleman, Stewart said, never obtained the proper extradition papers. Lewis, he claimed, was not only being tried unlawfully, but was held a prisoner illegally also. Stewart also claimed that Lewis' confession, a key point in his conviction, should not have been used against him in the trial because it was made with "hope of reward and/or fear."

Don't Worry About Stranger Snooping

If you see a strange man taking stock of your property this week, don't call the police. It's alright.

For it's this week that the survey of property for tax assessment purposes start. George Ehrenborg and Co. have had their measuring sticks and equipment out since Monday getting the lay-and value-of the land.

Ehrenborg plans to do the City of Bay St. Louis first and then survey the rest of the county.

Ehrenborg has set up his offices in the Courthouse. The survey is expected to be finished by May.

Mrs. Ethel Shaw Buried In Pass

Funeral services were held Tuesday for Mrs. Ethel Gunn Shaw, who died in Montclair, N. J., Sunday with burial at Live Oak cemetery in Pass Christian.

The deceased, a resident of Pass Christian, was visiting her daughter Mrs. A. D. Petnick at the time of her death.

Rev. Charles R. Johnson officiated at the funeral which was arranged by Fahey's Funeral home.

"PHANTOM BARBER" WAS INDEED A REAL PHANTOM, DOLAN REVEALS

Serving four years in jail for a crime you never committed, was bad enough. But going through that torture for a "phantom barber" who never was, was worse.

William Dolan of Bay St. Louis finally got his pardon from the governor last week. He actually was convicted of assault. And after the conviction, two of the witnesses against him admitted they had lied.

But Dolan was originally accused of being the "Phantom Barber" of Pascagoula, a night rider who clipped the hair of unsuspecting women in the night.

Dolan and his attorney, Howard McDonnell of Biloxi, pretty much proved that there never was a "phantom barber." One woman was said to have admitted, finally, that she cut her own hair. The only other case produced a flood of conflicting statements.

Dolan's case was one of horror. "They arrested me actually on a technical charge of trespassing," he said.

"Then they started taking me from jail to jail—Hancock County, Harrison, Lucedale, Leakesville, Wiggins and Jackson. They beat the devil out of me trying to get me to confess."

"Finally, they hung an assault charge on me through those phony testimony and sent me to Parchman. I spent four years, and 11 months and 23 days in the worst prison in America."

"But, thank God, a reporter named James Ewing of the Jackson Daily News got convinced I was innocent. And he started hammering away until finally I got my pardon."

Dolan said he spent thousands of dollars in his defense. Attorney McDonnell, a leader in the campaign to reform Parchman, spent time and money. Dolan's daughter sold two homes to raise money to clear him.

Now he hopes to get money from the state for the time he spent unjustly in prison. Payment in such cases is the usual thing. But it will take a bill through the legislature to award him money.

Meanwhile, he's driving a tractor for Hancock County and warning: "It could happen to you."

Mayor Returns For A While

Mayor John Scafield returned home for at least two weeks, "feeling alright, but still a little weak."

The Mayor was discharged from the Veterans Hospital in New Orleans for at least two weeks, he said. He will return to have X-rays taken and then it will be determined whether or not he will be able to return home permanently.

"I've got orders to just take things easy for a while," Mayor Scafield said. "I'm feeling alright, but still a little weak."

The Mayor was rushed to a New Orleans hospital some time ago after suffering severe hemorrhages. Seventeen transfusions were required to pull him through.

"I won't even be fishing for a while," he said a little sad. "Just rest is all I can do."

Pass Board Hears Evaluation

George Ehrenborg, property evaluator who is currently evaluating property in Hancock County, presented his plans to the Board of Aldermen of Pass Christian last week.

The Board did not commit itself as to whether it wanted the evaluation for tax assessment purposes or not.

Small Woods Fire

A small woods fire on Third St. was extinguished by the city fire department here this week in a night blaze.

Frank Dillman covered for the fire department. The fire was out in 15 minutes.

A man accused of shooting down a bar near the Pearl River County Jail, arrested by Sheriff John Egloff, was held in jail for a week and bound over to the grand jury by Justice of the Peace Jas. Seal.

The man, William Dolan, 22, was called by Jeanne Kennedy, a barmaid, who said she saw Dolan shoot a man, Shorty, about four miles from the five bars on Highway 90 which were burned down weeks ago in a notorious test move against the chain whiskey.

According to Dolan, he was seen snooping around the bar with a gun, and was arrested by Sheriff John Egloff. Kennedy who was leading the man, snatched the gun from him and took off his pants.

Mitchell protested against the kidnapping, Egloff said.

Mrs. Kennedy called up the name of the bar, Mrs. J. J. Smith. Three days later, Egloff said, the next day a man was made to Egloff's office. He was then picked up for questioning.

He was given a hearing in the office of the Peace court and bound over to the grand jury on charges of attempted arson and kidnapping.

Egloff called the state bar, Shals working on the state bar, burning on the case. He said that Dolan, Clarence Pace and Richardson, questioned the man but said he would not name the association with the burning of the other five bars on the county line.

Meanwhile, except for the state firemen said they could not gain any more information on suspects in the county line burning.

All evidence will be turned over to the grand jury. Egloff said when a man is arrested, he is held in jail for a few days and then a series of protects from church and other groups in both Hancock and Pearl River counties against their serving whiskey and catering to minors. The state the man found a gasoline can and other evidence to indicate that the bars were burned deliberately.

None of them were insured.

Two Ministers New Papas

Announcement was made this week by two of the city's religious leaders and their wives of new arrivals in their families.

The Rev. Charles Johnson and Mrs. Johnson are the parents of a new daughter, Elizabeth Jean, born at Baptist Hospital in New Orleans on November 2. She weighs seven pounds, 11 ounces. Mrs. Johnson and the new daughter are now at home. She will be baptized Sunday.

On Saturday, Nov. 14, Dona Lou Batson arrived, also at Baptist hospital. Her parents are the Rev. Schuyler Batson and Mrs. Batson. She weighs 11 pounds, 11 ounces. She is expected at home this week.

BOARD OF SUPERVISORS GIVE \$1000 PLAN BLOOD STORAGE IN N. O.

Plans for storing blood for Hancock County residents in a New Orleans hospital for emergency use were being formulated this week and the new Blood Bank committee obtained \$1000 from the county Board of Supervisors.

These two big steps followed quick on the heels of the formation of the county blood bank committee last week. John D. Rutherford, American Legion Committeeman, will head the group which has a member from almost every county civic group.

The Board of Supervisors voted unanimously to award the group with \$1000 worth of financial assistance which Rutherford said would enable the project "to be a success."

Meanwhile Doctors Marion Wolfe and Jessie Sewell were working on plans to establish a blood bank in New Orleans which Hancock County residents could use exclusively in case of emergency.

"Such a thing would be a great value to our people," Dr. Wolfe said. "First, because the blood will be there when needed. Second, because there will be no two for

At present when a person obtains blood transfusions in New Orleans he is required to give points of blood for every unit of blood.

"Finally," Dr. Wolfe continued, "there will be no \$35 or more charge for each unit of blood for our people."

Dr. Sewell concurred and pointed out that in addition blood will be in the right place when needed. "That is probably the most important attribute of the plan," he added.

As the plan stands, Dr. Wolfe said, Hancock County residents who donate blood to the Blood Bank will be kept in a special New Orleans hospital for the use of Hancock County residents in case of emergency.

Dr. Wolfe said that the Blood Bank group had been formed by the American Legion and the Blood Bank group in New Orleans.

The Blood Bank group in New Orleans is headed by Dr. Marion Wolfe and Dr. Jessie Sewell.

The Blood Bank group in Hancock County is headed by John D. Rutherford and George Ehrenborg.

SPORTS

Bay High Demonstration Try Again

Bay High and Demonstration, one time losers in trying to stage a football game, will make another attempt here tonight at Stanislaus stadium for Bay High's home-coming contest.

Two weeks ago the Tigers and Demons were supposed to play here. Only thing, the Demons thought the game was Thursday night and Bay High won't ready to play until Friday night. So the Demons got on their bus and went home.

But it's almost a surety that the schools will meet in the homecoming fray. Bay High will be after its fifth win, as against three losses.

Bay High will not be in as good shape as it was the first time it was scheduled to play Demonstration. Starting fullback Hugo Favre injured his shoulder in the Clara game as Bay High captured its fourth game 34-0.

A few days ago J. C. Perkins suffered a fractured ankle in a practice session.

The Tigers had an easy time against Clara Consolidated with Favre and versatile halfback Donald Cole playing a good game. Landers also fattened his yard gaining average to the point where he has averaged 16 yards per try in the last four games.

Besides Cole and Landers, Terrell Randolph, Malcolm Moran, Larry Smith and Charles Tartavouille will be playing their last game for Bay High. Randolph will serve as captain and the other seniors will serve as co-captains.

KILN WINS GRADE GAMES

Kiln's grammar school boys defeated DeLisle 18-6 with Donald winners. The Kiln girls defeated DeLisle 22-18 as Gracie Lou Shiyoun scoring 13 points and Betty Ladner scoring 9.

St. Stanislaus Ends With Notre Dame

St. Stanislaus played Notre Dame in its final game of the season here Thursday night.

The Rockchaws were after their second win of the season after losing to McDonogh of New Orleans last week 18-12. Stanislaus started off as if it had lost its losing ways by gaining the first tally. But McDonogh, with a fast running game, punched three scores across before the Rocks could get back in the game.

Stanislaus scored once again, but failed to sustain their rally.

Leading the Rocks in their seventh losing effort were Billy Scarborough and Jose DeDionis in the backfield.

The Stanislaus-Notre Dame game was moved up to Thursday in order not to conflict with the Bay High homecoming game against Demonstration. Previously the Notre Dame game was scheduled for Friday night.

Quiet Outboard Motor? Yes, Here Is One

Outboard engineers, whose research shows that it's the boat and not the motor that causes most of the noise, have come up with a solution.

First shipment of a new motor based on the research, a 5 1/2 horsepower model described by its manufacturer as the first "truly quiet" outboard, is being displayed by Charles A. Breath, Jr., Johnson Motors dealer of Bay St. Louis.

The Bay St. Louis dealer said the new motor, the Sea-Horse 5 1/2 is of revolutionary "suspension drive" design which virtually eliminates noise by absorbing sound-vibrations before they reach the boat.

Fishing was secondary with local sportsmen this past week when the duck season opened Tuesday. Ducks were rather plentiful in certain spots despite the warm weather of this time of the year—and so were the game wardens, performing a good job, including Randolph Bourgeois our local game warden.

Couldn't get all the information regarding the many out after the prized birds. Among those reporting some good shooting were Dr. John Griffith, Bob Genin and son, Robert, Walter James and Bud Phillips, Pete Caruso, Joe di Benedetto, Watson Johns, Alden Mauffray, Dec Elliott, Joe Kern, Bob Mitchell, Jack Chevis, R. J. Ladner, August Rauxet, etc.

An out-of-county hunter not seen for a long time was Dr. Bedford Floyd, of Gulfport. He is an ardent hunter and fisherman and a former resident.

Missing from the hunters was Russ Elliott who will return this week from Veterans Hospital in New Orleans, where he underwent an operation last week. There's plenty of time yet, Russ and in the mean time I'm using your "decoys!"

Good news to know that the

Mayor, Johnny Scatfield, has returned home from the hospital and is doing fine. Hope to see you up the river fishing real soon.

C. C. McDonald and B. D. Hogue were showing off some real green trout, caught Wednesday. Fishing is still good, they said.

Donald Manieri and Bobby Coleman made a nice catch of fish off the railroad bridge one day last week they had some large speck, sheephead and a big drum.

The dedication ceremony of the new club house at Pass Christian Isles Golf Course was really something out of this world. Floyd Brainard, president; C. C. McDonald, Jr., vice-president and Jane Bassett, chairman of the ladies' division, and their associates certainly deserve the orchids for a job well done.

Winning in the driving contest for the men was Randall Jones, and for the ladies, Mrs. John J. McDonald.

Curtis and Jock Favre tried the ducks up Jordan River Tuesday. Curt says they were not too many. They wound up after rabbits.

Chevrolet Trucks To Have Showing

Arthur B. Tipping of the Gulf Chevrolet Co. returned from New Orleans recently where he viewed a private showing of the 1954 Chevrolet trucks.

"The meeting was without precedent," Tipping said, "because it was devoted exclusively to truck models."

Tipping said he would arrange a special show of the trucks for Hancock County residents when the trucks arrive later this month.

Aircraft College in Manley, England, is the only of its kind in the world with a special training program. Each year a student from Canada, one from Australia and two from America are invited to attend this particular course. For this coming year, possibly two, Wing Commander Charles Ronald Knowles, RCAF, of Ottawa, Canada, has been appointed to represent Canada at Aircraft College.

Before leaving for England at the end of Nov. they'll spend the intervening time with Cynthia and Billy Richardson, Elaine's mother and father, at their home on Nicholson Avenue in Waveland.

Marie Louise and Drewery Blair in New Orleans last week end being entertained and entertaining. Their special guests for lunch last Sunday were Mr. and Mrs. W. O. Gains of St. Louis.

Dr. and Mrs. Samuel went in to New Orleans for a couple of days last week. They had lunch with Mr. and Mrs. Sigmund Katz of Covington, La., Adeline's brother and sister in law. They had dinner with Dr. Suzanne Schaefer, and, of course, visited with Constance and Harry Kaufman, Doctor's daughter and son-in-law.

Adeline was in one of the antique stores on Royal Street and who should walk in but the double of Madame Arcati, the character that Adeline portrayed so marvelously in our Little Theatre's latest performance, BLYTHE SPIRIT. Could it be the Adeline's Blythe Spirit is following her?

There are two angles to travel: one, the actual travel and, two, the wonderful memories of inter-

esting journeys. Hildee Alba is leisurely reading Horace Sutton's FOOTLOOSE IN ITALY and reliving her travels in Italy last summer. Her next stop will be the castles on the Rhine via a special book that has been loaned to her.

Some people are too ambitious and the florist just won't sell them plants to put in the ground too early. These plants might freeze. That is what happened to three of the four Mascaro sisters, all school teachers, when they came over from New Orleans on their Armistice Day holiday to start a garden around the pretty little cottage on the beach that they bought last spring. Never underestimate the power of a woman, in this case, three women. They started that garden. They planted some bulbs.

CAPT. CRAFT GET SURPRISE: IT'S HIS LONG LOST BROTHER

There is somebody outside to see you," the man told Captain Karl Craft.

"Well, bring him in."

And that's how the captain got his first look in 40 years at his "baby" brother, Bord.

The Waveland resident told the story this past weekend as he put away his equipment (yes, he fishes when he's not sailing the seven seas.)

"I had seen other members of my family about three ago, but I did not get home often, and this brother I did not see before. The last time I saw him he was about two years old," the Captain said.

This time, Captain Craft's company sent him to home territory with a cargo large enough to require several days' stay. Brother Bord and several members of the Craft family met their brother in Oslo, after which they went to Trondheim, their home town.

"I did not recognize Bord, of course," laughed Captain Craft. "He is a married man and the father of five kids."

First Aid Training To Open Here

A badly needed instructor training course in first aid led by the Atlanta Red Cross expert will begin here November 30, Kenneth Whitfield, chairman of the Hancock County First Aid and Water Safety Committee announced this week.

The school, which will last one week, will be directed by Earl Hollowell, Red Cross safety representative from Atlanta.

The purpose of this school is to get enough qualified first aid instructors to begin teaching in the county," Whitfield said.

The only requirement for the school will be an advanced first aid Red Cross certificate which has not expired. No charge will be made for attending the school.

The classes will be held Monday through Friday and last three hours a night. Six people have signed up thus far for the instruction.

The six are: Kenneth Whitfield, Bennie Ray Nobles, Donald Caldwell, Mrs. Agnes Grace, Carl Arnold and Charles Seal.

The classes will be held in the Coast Electric building on Highway 90 and Main St., Whitfield said.

Whitfield pointed out that Hancock County is badly in need of people capable of teaching and giving first aid.

"The situation here is really bad," he said. "There are approximately five people in Bay St. Louis who could administer first aid properly, excluding the doctors."

"We hope to train enough people at this school," he continued, in order to obtain instructors for both Bay St. Louis and the rest of the county.

"We don't even have enough instructors here to teach people who come in and request lessons," Whitfield said.

Both Whitfield and Hollowell, who was in Bay St. Louis last Monday, were especially concerned since Bay St. Louis will be one of the towns the city of New Orleans will depend on in case of enemy attack.

"The civil defense head of New Orleans recently told us what the towns surrounding New Orleans will be the only ones which could help that city in case of attack," Whitfield said.

"They expect us to take care of any wounded who might escape the city as well as go in and try to clean up."

Whitfield also pointed out that frequent storms in this area made it an absolute necessity to have a solid core of capable people versed in first aid.

"Once this school gets started," Whitfield said, "it will increase the safety potential of the civil defense, fire and police departments of our county."

The instructor school is under the sponsorship of the local unit of the Red Cross, headed by John McDonald. All interested in the training school are asked to contact either Whitfield or the local Red Cross office in the courthouse building.

Banquet Marks 61st Anniversary

A banquet celebrating the 61st anniversary of the Women's Benevolent Association, a fraternal organization was held here last week by members of the group from Bay St. Louis, Gulfport and Biloxi.

There were 51 members present for the gala affair. Honor guests were Miss Agnes Koob, supreme president, of Port Huron, Mich., and Pearl Croy, state field director, of Birmingham, Ala. Miss Koob spoke to the gathering.

about the 1954 convention to be held in Denver.

The banquet room for the occasion was adorned with yellow and white chrysanthemums. A birthday cake was used as a decoration highlight.

Sylvan Lader, acting mayor of the city, gave a welcome address. Mrs. Fay Aguilera, district deputy of Biloxi, presented the speaker.

Gifts were presented to the officers by Mrs. Letitia Noto, president of the local review and co-sages were given them by Mrs. Nellie Nelson, who also spoke the closing prayer.

It's true...

Menu of the first Thanksgiving Dinner... included game, seafood, vegetables and beer. At this celebration of a bountiful harvest in 1621, the feasters enjoyed turkey, as we do today, and certainly beer - because one account of the times says "beer was all but the universal beverage."

Beer helps produce better milk and eggs... through brewer's yeast and grains enriched in the brewing process. Such grain is widely used as a protein supplement for dairy cows. While brewer's yeast added to feed yields more and better eggs and poultry.

In a typical market basket... beer is an important item. The Federal Government includes beer in computing the Consumer's Price Index - along with vital staples like meat, fruit, bread, butter, milk and eggs.

TIME OUT FOR turkey

On the drilling rigs too, where crews operate around the clock in search of oil or natural gas, Thanksgiving calls for turkey - and a thought for the good things of life... the big things and hundreds of little things that contribute so much to our well-being, comfort and convenience.

There's natural gas service, for example. Many folks in the Gulf South take gas service for granted, and yet they depend on it round-the-year to do many of the big jobs in their homes or industries.

Ever consider what goes into your dependable natural gas service... the tremendous investments required to find and produce natural gas; to transport it to your community and distribute it to homes, businesses and industries?

Yes, you have dependable natural gas service... and you'll have it next year, and the next... so long as natural gas is sold at prices that justify the huge investments that must be made to provide that service.

We think you'll agree, dependable natural gas service is worth every cent you pay for it... and then some!

Once Mississippi trees had to be large enough for lumber or cross ties or straight enough for poles or piling before they had any market value.
Today Mississippi forest industries offer a ready market for many types of trees that would not have counted in the past. These new markets make good forestry practices pay. They mean more complete utilization of our abundant forest resources.
As Mississippi provides a friendly business environment, these industries can continue to provide more markets for more forest resources... more jobs and more income for more Mississippians.

Pass Garden Club Hears Authors

The Pass Christian Garden Club held its last week meeting at the Miramar Hotel with a luncheon preceding the meeting.

The luncheon table was arrangement of yellow chrysanthemums, ivy and white tapers. Carrying out the yellow and green theme still further were green and yellow mints placed along the table. After lunch, a short business session was held. Mrs. Samuel P. Schwing, president, introduced Mrs. Charles B. Stewart and Mrs. Walter Osen, co-author of the book, "Gardening in New Orleans." They spoke on practical ideas in gardening in our sections, demonstrating proper methods of spraying, planting and treating bulbs.

They also stressed the fact, that this is the time of year for bulb planting for spring blooms.

About 60 members and guests were in attendance. The next meeting of the club will be December 5, with Mrs. Eugene L. Mogabgab of Bty St. Louis, giving a demonstration in flower arranging.

Forestry Group Delays Seedlings

Looking out for the interest of the landowner, the Mississippi Forestry Commission has delayed full scale tree seedling lifting from the nurseries until there is sufficient rainfall to insure survival of seedlings after planting, according to C. B. Marlin, forest management director of the Mississippi Forestry Commission.

But Marlin added that "any counties or large planters having received sufficient rainfall to achieve satisfactory planting results may obtain seedlings within a week or ten days by contacting the Mississippi Forestry Commission, Jackson."

It's Here!

The Hancock County Blood Bank has been formed, and only a couple of weeks after the American Legion launched the program. This is indeed great work, and valuable work. The civic organizations of the county can only start the movement, however. Now it's up to the individual to donate his services. Upon each man and woman in the county rests the responsibility. It's all simple. You register, and your blood is typed. Then, when an emergency arises, you're called and asked to give blood. You don't have to. You can "pass," so to speak. But at least the doctors will be calling only those with the blood-type needed. There'll be no wasted time testing blood while a patient hovers between life and death. It's up to YOU now.

Justice

In this week's Sea Coast Echo you can read the full story of William Dolan, now fully pardoned after 11 years of fighting a bogus criminal charge. This is a time for pride and shame in our judicial system. You can be proud that justice finally triumphed, thanks to persistent pressure by James Ewing of the Jackson Daily News and Attorney Howard McDonnell of Biloxi. But there must be shame mingled with the pride—shame that it took 11 years and some dodged nagging by a newspaper to clear an innocent man. There are bound to be mistakes in police work. But it shouldn't take 11 years to correct them.

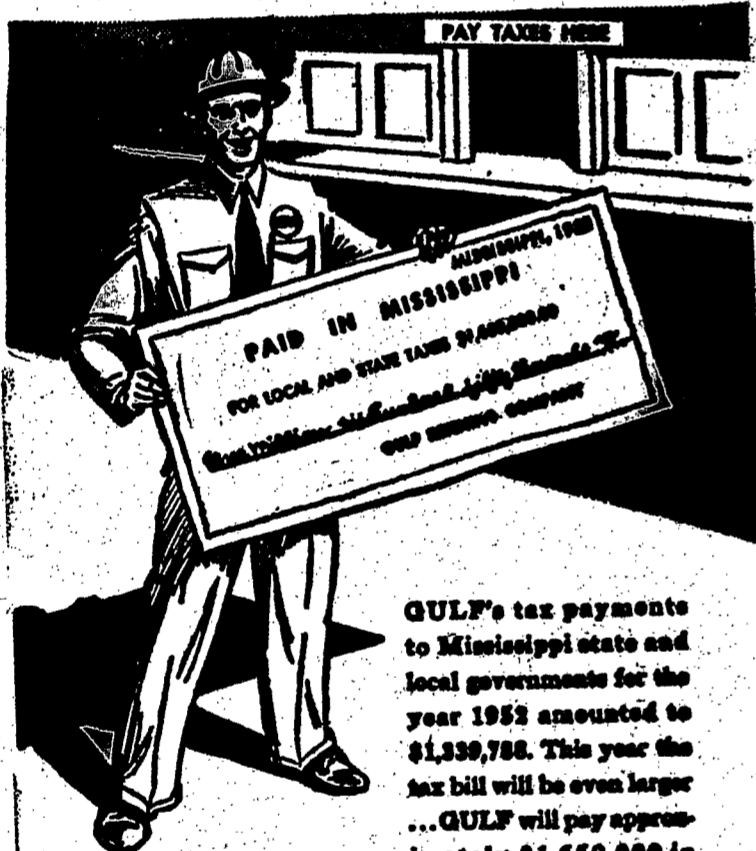

Sudden Thought

Those juke-joint arsonists who previously advertised "fire for hire" soon will be seeking "bail from jail."

Don't Get Caught

On Page One to today's Sea Coast Echo is a telegram from Santa Claus to the children of this area. But there's an extra message from the parents. Do your shopping early. You've been caught at the last minute before, when the cupboard was nearly bare. You've only a month left.

Important Money!

GULF's tax payments to Mississippi state and local governments for the year 1952 amounted to \$1,330,788. This year the tax bill will be even larger... GULF will pay approximately \$1,650,000 in Mississippi taxes in 1953.

... (plus almost \$5 million GULF collects and forwards each year to the appropriate city or county collector, or to the state treasury, in gasoline, kerosene, sales and use taxes).

That's important money... and this figure doesn't even include the taxes paid by thousands of Mississippians who receive income from GULF activities: the company's employees, distributors and dealers, the suppliers who sell services and materials to GULF, and the landowners who lease their land to GULF or receive royalty payments on GULF oil or gas production.

The tax money collected from GULF is important money to Mississippi. These dollars are adding momentum to the economic progress which is bringing a better life to all Mississippians.

It's important money to GULF, also. Taxes are a big item in GULF's Mississippi operating costs.

In paying its share of Mississippi state and local taxes, GULF is joining every Mississippi taxpayer in assuring the continuation of financially sound government and the further expansion of a healthy economy.

Free Turkey, Dance Saturday For Cancer Fund

Want to dance and win a turkey on the same night?

Then go to the Cancer Society's benefit dance at the Top Hat in Wayland Saturday.

Mrs. George Stels, chairman of the dance, and Mrs. Wilmer Thibault, president of the Society, have announced that they will hold the dance in order to raise enough money to reach their quota of \$978. Kramer's band will supply the music and a 12 pound turkey will be awarded.

The Cancer Society provides both direct and for research, for Hancock County families who have felt the attack of cancer. Not only medical aid, but assistance in making ends meet during a period of crisis is also provided by this group.

Cancer has claimed more victims in the county this year, according to Mrs. Stels, and so the need for aid has arisen accordingly. Last year the Society went over the top in its drive, and its quota was raised this year.

The American Legion has donated the services of its sound equipment and the Top Hat has been lent free of charge to help the Society in its drive. Donation for his dance is \$1. Where else can you get a turkey as cheap?

Charles Dyer In Korea

PFC. Charles B. Dyer whose wife lives at 138 Davis Ave., Pass Christian, Miss., recently joined the 25th Infantry Division in Korea.

Rushed to Korea during the early days of the conflict, the 25th Infantry took part in some of the most bitter fighting on the Peninsula. It is now undergoing intensive post-truce training.

Dyer, son of Mr. and Mrs. Bob Dyer, Route 2, Box 89, Poplarville, entered the Army last February and completed basic training at Fort Jackson, S. C. He is a graduate of French Camp Academy.

George Stevenson Receives Award

Mr. George Stevenson received recently an award from the General Motors Acceptance Corporation, honoring him for his 15 years' service as one of the GMAC dealers.

The award, a clock decorated with an inscribed plate, was accompanied by a letter from John J. Schumann, Jr., president of GMAC.

"It was my desire," the letter said, "that this period of pleasant

association be expressed to you in some definite form, therefore... a token of deep appreciation for the privilege you have given the AC to serve you and your customers."

1954 FARM OUTLOOK

General outlook for 1954 is good, although some easing off from the high levels of 1953 is expected. Consumer income for spending in 1954 is not expected to be much different from 1953. Federal government spending will be down some, but this may be offset by increases in state and local government spending. Consumer buying is expected to hold up well.

Demand for farm products is expected to be strong. The marketing charges will continue high and the farmers share of the consumers food dollar should continue near the present low level.

Supplies of most farm products are expected to continue large in 1954—much larger than domestic consumption. Surpluses of some of the major farm commodities, wheat, cotton, beef and butter, may be the largest since World War II.

The cost-price squeeze that farmers have been in this year is expected to continue next year. Cash receipts from farm marketing in 1954 are not expected to equal those of 1953. However, somewhat lower production costs should result in most farmers' net income being about the same as last year.

COTTON
Cotton farmers can look for large supplies, moderate demand, controlled demand, controlled production and prices close to support levels.

BEEF CATTLE
Fewer fed cattle will be marketed in the first half of 1954; however, supplies of grass cattle and lower grades will probably be about the same as in 1953. Prices

should be more stable than in the past two years but may not rise much from the present level.

Hog production will probably increase this fall. Next spring's crop is expected to five to ten percent larger than a year ago. Large production will show up in increased marketings about mid-1954. Until then prices should remain relatively high; after which they may decline more than usual.

Lamb and mutton production may be lower with not much change in prices.

Dairy products is expected to remain high. Consumption will remain about the same as in 1953. Large supplies of manufactured milk products indicate that the farmer's prices for milk and butterfat in 1954 depend largely on what the support price will be in the marketing year that begins April 1, 1954.

GET ALL THE FACTS about the Car - the Price - the Deal

No question about it—now is the time to buy a Pontiac!

The car is the finest Pontiac ever built, offering beauty, luxury, size and performance rivaling the very costliest automobiles, plus thrift and reliability that bow to none.

The price is just a few dollars above the lowest. And even that small difference disappears

when you figure resale worth. According to independent research, Pontiac returns more of its purchase price at trade-in time than any car in its price range.

As for the deal—your present car will never be worth as much as it is right now.

Food Says Civic Projects Cause of Success

Lucin Kidd, commander of the American Legion Clement B. Bon-tamps Post 189 here, told state officials the reason for the rise in Legion membership was due to the many civic projects performed by the local chapter.

Kidd and John Rutherford, Jr., went to Jackson last week to attend a special meeting of the state's Legionnaires. State Commander Sam W. Waggoner III has asked for the two local men es-

pecially after viewing the Legion's civic record here.

"Posts that do nothing lose members," Kidd said. "We have gained over fifty new members. This gives us the added strength of more than fifty men to give more service to the veteran, the community and the nation."

"The more strength we gain, the more projects for the advancement of the community can be expected," Kidd concluded. State Legion officials praised the local post for its outstanding activity. Waggoner asked Kidd and Rutherford to attend later he personally inspected the technique of civic leadership employed here.

The local Legion representatives advised other post officials to

"stop talking about big deals and start doing."

Mrs. Rousseau President

The home demonstration council which met on Friday, Nov. 13, has elected Mrs. Mary Rousseau as president for the coming year. Other officers chosen at the meeting were Mrs. G. W. Tucker, vice president; Mrs. Raymond Nelson, secretary and Mrs. Lella Saleeb, treasurer.

Handbooks for 1954 were distributed to members at the gathering in the office of Miss Sarah Weaver, home demonstration agent. It

was pointed out that the district home demonstration council meeting will be held on April 29. Members were reminded, also, that names of those eligible for merit certificates must be turned in to club presidents by December 1. Miss Weaver reported to the group on the Mississippi Farm Bureau program and at the close of the session served refreshments.

Miss Neyrey Is Engaged

Announcement is made this week of the approaching marriage of Miss Janine Marie Neyrey, daughter of Mr. and Mrs. Henry Gabriel

Neyrey, Jr., of Bay St. Louis and New Orleans to Mr. William Charles Weissborn, son of Mr. and Mrs. Frederick Weissborn of Montclair, N. J. on November 28. The wedding will take place at St. Rita's church in New Orleans. Miss Neyrey is the granddaughter of Mrs. Angeline Lux of Dunbar Ave.

CARD OF THANKS

We wish to take this means of thanking our friends for their kindness during our time of sorrow in the death of Mrs. Walter Maynard. Special thanks to Rev. and Mrs. C. S. Schultz for their many kindnesses.

Mr. Joe Taroni and Mabel Taroni.

CLERMONT NEWS

Mrs. Havard extends thanks to all the ladies that donated cakes for the Clermont Harbor school. Thanks to everyone who helped make the affair the success it was.

Attending the Home Demonstration Council meeting in Bay St. Louis Friday, November 13, from Clermont Harbor were Mrs. J. P. Rousseau, Mrs. John Saleeb and Mrs. J. G. Treutel. Purpose of the meeting was installation of officers. Mrs. J. P. Rousseau was re-elected President and Mrs. Saleeb was elected treasurer for 1954.

BUYERS MART

A lady said to us not long ago she thinks she is going to be given a present—a present of an electric mixer.

Well, we hope so. But just in case it doesn't happen to her and in case it hasn't happened to you, don't despair.

Stevenson's has, for the small sum of \$19.95, the best little mixer buy in many a moon. It is a General Electric portable mixer. This means it is the kind of mixer you can carry from table to stove and just hold in your hand while you plunge the beaters into pot or bowl.

The mixer comes with a pyrex bowl, however. And the bowl can be made to "stay put" on its own suction cup stand. The bowl and stand are free.

As an inducement for you to buy this product the General Electric people offer a 15-day trial in your home. If you decide not to buy after you've completed the trial, the bowl and stand are still yours—free.

The price for the above mixer is so enticing, it's hard to mention the fact that there are other mixers. But if you are a cake baker of the professional sort and need a machine for heavy duty work, Stevenson's also has the Kitchen Aid Mixer at \$57.95 (it's been doing a fine job in our own kitchen for seven years) and the Sun-beam mixer at \$46.95.

Whether you go in for large or small spending in a mixer, this piece of equipment is one of the finest things that can happen to a kitchen.

While you're in Stevenson's checking on all this, you may know about the defrosting gadget and would like to see it. It's been around for years, but there are still lots of defrosting problems to be conquered.

This mechanism costs \$5.95. It plugs in at your refrigerator outlet and, after being set like a clock, defrosts your refrigerator at the same time each day or night.

You start the operation with clean, defrosted refrigerator, thereafter, there is only the matter of emptying a bit of water. If you are in the habit of having frozen foods in your ice compartment, this defroster is for you.

This brings us to freezers. The Buyers' Mart is not sending items which cost hundreds of dollars. But it is already considering the purchase of a freezer, we point out. Stevenson's carries the Frigidaire freezers cost \$39.95 and \$89.75 and the Deep Freezers cost from \$29.95 to \$39.95.

Mr. Stevenson tells us that a few people who want a deep freezer for the smallest one settle for the smallest one. "If they do," he said, "they come back right away for a size."

For those who already have a freezer, it might be good to know that Stevenson's carries a line of freezer supplies, including paper, foil, and many different sizes of food containers.

Clarence Lee, Rita Traverca Win Contests

Clarence Lee and Rita Traverca were both elected the best around students and the most likely to succeed at the Kila Kila in a popularity contest held last week.

Best athletes were Royce E. Lee and Janice Faye Lee, according to the Kila students. Jack and Jeannette Lacoste were elected the cutest.

Others chosen were Clarence Lee and Norma Garcia, friends of the Kila students, and Betty Traverca, neatest.

Another BIG Telephone Year for Mississippi

For every working day in 1953, approximately \$50,000 has been spent to provide additional telephone facilities here in Mississippi. The total for the year will exceed \$11,000,000.

Here's part of what this expense will provide:

- Over 12,000 additional telephones.
- New buildings and equipment for faster, even more dependable service.

And there will be no let-up during the coming year in our effort to provide "the best possible service at the lowest possible cost"—the traditional goal of telephone people.

Kiln Wins Thirteenth, Plays St. John

Kiln's basketball Wildcats, fresh from a tournament victory, swept past McNeill 72-51 at Kiln Tuesday for their 13th straight victory of the year.

Jason Mautray, 6 foot, 2 inch sophomore, was high man with 22 points and Clarence Lee and Jimmy Ladner were next with 17 and 16 points, respectively.

Last week the Wildcats took three games to capture the Savannah Invitational Tournament. Kiln beat Savannah in the finals 54-42 with Royce Shivy gaining 32 of his team's points. Previously Kiln has beaten McNeill, 54-77, and Dedaux, 76-58 in the tournament.

The Wildcats will be seeking number 14 next Tuesday against St. John at the Kiln gym. Coach L. C. Ladner will have his starting five in top shape, ready to go.

Sweet Aqua Dreams

So quiet you can sleep at full throttle! While not recommended practice, that is the claim made for the revolutionary "truly quiet" outboard motor shown here with Georgia Landean in the sleeping beauty role.

The 5 1/2 horsepower unit resulting from years of Johnson research runs with a gentle purr that permits normal conversation and completely satisfactory portable radio reception at full throttle.

The new power plant utilizes intake mufflers and underwater exhaust systems which control considerable noise, but it's an entirely new principle, discovered in wartime research for the military, that really does the trick.

Through an ingenious suspension drive system, the motor is insulated from the boat, and vibrations that formerly were converted to unpleasant noise by the boat acting as a sounding board, are dissipated into thin (and quiet) air.

CITY ECHOES

Edmond Sullivan, who is attending Tulane, spent the weekend of the 8th with his parents here. The family celebrated Edmond's 19th birthday on Sunday.

Mrs. Patrick J. McMahon of New Orleans was a guest this past weekend at the home of Mrs. Angeline Lux on Dunbar.

Mr. and Mrs. Dick Mestayer, their son, Dick and daughter, Beth, are planning a trip to Kosciusko for the Thanksgiving Holiday. They will visit Mrs. Mestayer's parents, Mr. and Mrs. Percy Allen.

Earlier this month, on the 12th, Mrs. Mestayer entertained the members of her son's kindergarten class at Christ Church Parish School with a birthday party for Dick. He was five years old.

The Rev. and Mrs. C. Schultz will spend the Thanksgiving holidays in Jackson, visiting with Mrs. Schultz's parents. They will return on Saturday.

Mr. and Mrs. George A. Broughman of Needham, Mass. and Dr. and Mrs. Wilton P. Broughman or Quincy, Mass., have been visitors this week at the home of the Rev. and Mrs. Charles R. Johnson.

Mr. and Mrs. Gerald Chavers and their son flew from Panama City in their plane Sunday to spend the day with Mr. and Mrs. J. William Hall. The Hills took a short plane ride with their guests during the afternoon, after which the Chavers family was off again in order to be at their home before dark.

Mr. and Mrs. John McDonald are on a pleasure trip in Texas this week. The couple, with their two children, will travel to Corpus Christi and visit points in the Rio Grande Valley while they are away.

Bernard Firpo, Mrs. R. E. Brown and Dave McDonald were honored with informal birthday parties held by the employees at W. A. McDonald & Sons, during the past week.

Along the Thanksgiving visitors expected in the city are Mr. and Mrs. Francis Nelson, their son Eric and Mr. and Mrs. Charles H.

White and their daughter, Charlene, all of New Orleans. They will be the guests of Mrs. Nellie Nelson.

Joe Gex celebrated a birthday Sunday afternoon by entertaining 12 of his schoolmates at the home of his parents, Mr. and Mrs. Walter Gex. Home for the weekend at the Gexs were Pvt. Hartwell Gex of Fort Hood, Texas and Mrs. Guy Billups of Hammond, La. Mrs. Billups' daughter, Betty, was also a visitor.

For her 17th birthday, Patricia Poolson was honored Sunday with a supper party for 20 of her classmates. The Poolson home was the scene of the occasion.

Mrs. H. G. Stone of Kingsport, Tenn., and Mr. Eugene Boyd of Memphis have returned to their homes following a visit here with their sister, Mrs. J. A. Evans.

Mrs. K. F. Grogan of Clinton, Miss., is visiting this week with her daughter, Mrs. Schuyler B. Grogan.

Remote Control**

A Chicago business man called
his doctor the other morning
and said something wasn't
right with his back. The
doctor suggested he come down
to the hospital for a thorough
examination and made a morning
appointment. The man and
his wife began to drive to the
hospital, but were brought up
sharply on the Outer Drive
when struck from the rear by
another automobile. The mar-
riage had time to make his
appointment, so he decided to
catch a cab and leave his wife
to get names, licenses, and the
other placatory details. As he
climbed into the cab, he realized
that the jolt of the acci-
dent had wrenched his back into
good condition again.

Realization which his doctor
later confirmed.

An hour or so later he caught
up with his wife. "Do you
know who it was that bumped
into us?" she asked. "A chiro-
practor!"—Tribune, Chicago.

Gene Aime, Andrew Scafidi Engaged

Mr. and Mrs. E. A. Aime an-
nounce this week the engagement
and approaching marriage of their
daughter, Gene Claudia Aime, to
Andrew Scafidi, son of Mr. and
Mrs. J. J. Scafidi.

The marriage will take place De-
cember 28 at Our Lady of the Gulf
Church.

Undersize Shrimp Seized Here

Twenty barrels of shrimp were
seized in the waters nearby here
by Frank Grazzo, deputy seafood
commissioner and dumped over-
board this week.

The shrimp were seized for be-
ing undersized.

Grazzo said he would prefer
charges against the shrimpers
who, if convicted, face fines up
to \$500.

Garden Club Holds Meeting

One of the largest meetings of
the new year was held by the Bay-
Waveland Garden Club on last
Thursday afternoon at the home
of Mrs. A. P. Smith on South
Beach.

Mrs. A. Voigt, secretary, read
the President's report which had
been given at the South Regional
Meeting in Laurel, held recently,
and which had been attended by
Mesdames Beyer, Voigt, Baxter,
Kern and Tognotti.

A short discussion was held on
the annual Christmas Decorating

sponsored by the Garden Club.
Mesdames E. Kirkpatrick and B.
Farrelly volunteered to decorate
the Kings Daughters Hospital at
Christmas as is done each year.

Those members who were anx-
ious to avail themselves of the
Class in Horticulture to be held
Friday, when a demonstration on
planting and transplanting camel-
lias and azaleas will be the fea-
ture in the gardens about the
James L. Crump home, Holly-
Bluff-on-the-Jordan, were re-
quested to register for the trip
with the Corresponding Secretary,
Mrs. S. Preis.

Members were reminded of the
national "Litterbug Movement"
which is an attempt to make
everyone conscious of the care-
lessness and unsightliness of scattering
paper and discarded articles about.

An invitation to members of the
Bay-Waveland Garden Club to
participate in and enter camelias
in the Slidell Garden Club's Cam-
ellia Show was read.

Mrs. Walter C. Hava was ap-
pointed Chairman for the Veter-
ans Party to be sponsored by
the Garden Club at the Veterans
Facility Dec. 4, and members vol-
unteered their assistance.

A number of guests were pre-
sented at this meeting.

Winners of ribbons for a num-
ber of floral arrangements were:
Arrangement Class: Blue ribbon,
Mrs. J. W. Hill; red ribbon, Mrs.
Joseph Samuel; yellow ribbon,
Mrs. Sullivan.

Horticulture: Blue ribbon, Mrs.
R. K. Bruff; red ribbon, Mrs. W.
W. Baltar; white ribbons, Mrs.
Roy Baxter and Mrs. A. P. Smith.

Mrs. Herbert Ratenberg, intro-
duced the speaker of the day, Mr.
Ivan Anderson, who spoke on gar-
dens, proper placement of shrubs
and trees, and also of the correct
use and placing of bird-baths,
trellises, and other garden articles.

Mr. Anderson pointed out the
different plating for a ranch-type

home, a small modern home, and
the large colonial home so much
a part of this section.

Mr. Anderson's comments on
purchasing rose bushes, their care
and growth, as well as on the
many different native bulbs, were
excellent and immensely enjoyed
by the members.

At the close of the business and
talk by Mr. Anderson, Mrs. Smith
and her co-hostesses, Mesdames T.
B. Sellers, E. Fahey, Jr., Liddell
Caffery, S. J. Mauffray, T. T. Ro-
bin, J. A. Tognotti, and Miss Elsie
Sporn served refreshments. Center-
ing the table was an arrangement of
exquisite white chrysanthemums,
and the Madiera cloth of light
green linen carried out the color
scheme for this occasion.

Rosa Denton V. J. C. Queen

Valena C. Jones' football team
meets the 19th St. Civic Center
of Gulfport here Sunday after-
noon at 2 p. m. on Stanislaus field
in its annual homecoming game.

The Wildcats, who have won
two and lost three for the season,
will honor Rosa Lee Denton, reig-
ning queen of the homecoming. Rosa
Lee, representing the 11 and 12th
grades, was chosen when her home
room group raised over \$60 for her
cause.

Homecoming activities will start
at 10:30 a. m. when students are
asked to meet at the school to de-
corate cars and prepare for a parade
to the stadium for the game.

The parade will begin at 12:30
p. m.

The queen and her court will
be presented at half-time during
the game. Selection of the queen
was made at a queen rally held
at the school Wednesday night
where \$188.84 was raised.

Second place winner in the con-
test was Bettye James, represent-

ing the 9th grade. Others in the
contest were Burtha Dorsey, 1st
and 2nd grade; Burnette Acker,
3rd and 4th grade; Dolores Young,
5th and 6th grades; Dorothy Pow-
ell, 7th and 8th grades; and An-
nette Johnson, 10th grade.

Business Up For Bay and Pass

Bay St. Louis reported about
six per cent more business activ-
ity in September than a year
ago, but approximately 10 per cent
less than during August, the Mis-
sissippi Business Review reported.

By comparison, with September
1952 bank deposits were up 11 per
cent; money order sales, down 2
per cent; postal receipts, 6 per cent
and telephones in service, 2 per
cent. The comparison with August
gave three losses and one gain.

In Pass Christian a very good
increase in bank deposits pushed
general business activity for Sep-
tember 1953 about 9 per cent
above last September. However,
the comparison with August 1953
gave an over all loss of nearly 6
per cent. Decreases for the com-
parison with August 1953 were:
bank debits, 1 per cent; money or-
der sales, 18 per cent; postal re-
ceipts, 11 per cent and telephones
in service, 1 per cent. Bank de-
bits were 21 per cent in excess
of the September 1952 total. Postal
receipts were down by 4 per cent
and money order sales by 11 per
cent. Telephones in service were
2 per cent more numerous than a
year ago.

Thanksgiving Musical Service

A special Thanksgiving musical
service will be held at the Baptist
church Sunday at 7 p. m. It was
announced this week by the Rev.
Schuyler Batson.

In charge of the program will be
Carroll Lowe of the Baptist Theo-
logical Seminary in New Orleans.

On Thanksgiving eve, Wednes-
day, Nov. 26, a union service will
be held at the Methodist church
with Baptist, Episcopal and
Methodist churches all participating.
The Rev. Charles Johnson of the
Episcopal Church will deliver
the sermon.

The public is invited to attend
the service, which will begin at
7:30.

August Scafidi, Dr. Wolfe Win In Shoots

August Scafidi, Jr., won a bull
calf and Dr. Marion Wolfe was
awarded two turkeys at the Amer-
ican Legion's Turkey Shoots here
last Sunday.

Dr. Wolfe's high score was made
by proxy. The bull calf, a special
prize, was awarded by War-
ren Buehler and Cedric Heitzmann.

Others winning turkeys in last
week's competition were Lucien
Kidd, by proxy; John Miller, Thomas
Anderson, by proxy; T. T. Ro-
bin, by proxy; and Mrs. Craw-
ford, by proxy.

The turkey shoots are sponsored
by the Legion in order to raise
funds for Christmas baskets for
needy residents in Hancock Coun-
ty. The Legion distributes these
with the Knights of Columbus.

The next turkey shoots will be
held November 29 at Scafidi's

place on Highway 90. The Le-
gion announced that any winners
who have not picked up their
awards can do so at the home of
Lucien Kidd.

Fourth Grade Presents Program

Miss Adele Saliba's fourth grade
was in charge of the chapel pro-
gram at Bay High Friday. The
name of the play was "Election
Day."

The Public School Music De-
partment has received four albums
of records for music appreciation.
Two of the albums are suitable
for listening and two are for
rhythmic activities.

The Third Grade will present
the following Thanksgiving pro-
gram Friday, November 20, at 8:45

The pupils of Central School
have been asked to participate in
the 25th Thanksgiving Anniver-
sary to help Crippled Children of
Mississippi. Each year Bay St.
Louis pupils have sent in a nice
contribution. This is a worthy
cause.

Mrs. Ashcraft's pupils have made
up a Thanksgiving box to be given
to a worthy family.

First grade welcomes a new pu-
pil, Sue Carroll of New Orleans.

HOME AGENT NOTED by Miss Sarah Weaver

A most effective and time-
saving fruit, vegetable and flower com-
position for your sideboard or buffet
at Thanksgiving is "Pumpkin
Turkey." Let's place the creation
on the sideline. Few families
have room for a centerpiece on the
Thanksgiving table.

To make this appealing gobble
you will need a small size pump-
kin, some turkey feathers, a small
yellow squash, a couple of
small black buttons, six dried
beans or string beans and a few
pom-pom mums.

The pumpkin becomes the
Turkey. Turn it on its side and level
the top. Secure it on a needle and
thread. Stick the turkey feathers
in the pumpkin, like a large fan.
Place the two small squash in the
pumpkin and at the base of the pump-
kin to represent its feet. The
pumpkin can be held in place with
toothpicks.

Pin the buttons on each side
of the cockcomb for eyes. The
cockcomb should be a piece that
resembles a turkey's head. Attach
the cockcomb to pumpkin with tooth-
picks or toothpickish (the pins are
better.) You may trim it with
further small dried peas and green
beans, if you like. Circle the head
with a pom-pom cypressine and cut-
ting them with short stems and
forcing them into the pumpkin.

This turkey-gobbler is sure to
delight the children—from five to
eighty-five.
